

ITSP 2014

How To Document Your project ?

Step 1

- Go to the link itsp.stab-iitb.org/register.php and login with your tech-id
- Once you login , visit your project page
- Click on the link on your project page
- You will be redirected to your documentation page
- Now start your documentation

The screenshot shows a web browser window with the address bar displaying itsp.stab-iitb.org/register.php. The page title is "Login to Register Project". The main content area is titled "Login with your techid" and includes a link for users who haven't created an account: "If you haven't created a techid account , [Click here](#) to create". Below this, there are two input fields: "Email Address(Techid) *" and "Password *". An orange "Login" button is positioned at the bottom right of the form.

Editing text boxes

- The text box is a word like editor (technically WYSIWYG) where what you see is what you get
- In this you can do all kind of word formatting like **bold** , *italics* , underline , paragraphs , headings etc.
- You can write codes and quotes by clicking on the paragraph button
- You can include images and embed video too
- Experiment and explore this to make your project page awesome
-

Adding Image Gallery

- Click on the photos and go to Image gallery.
- Hover on the '+' image and chose your image a caption and small description of the image and click on 'GO'
- Your image will appear then if not refresh the page
- Make a beautiful showcase of your project

A screenshot of a web form titled "UPLOAD YOUR IMAGE" in white text on a dark teal background. The form consists of several white input fields stacked vertically. The first field contains a "Choose File" button and the text "No file chosen". The second field is labeled "Image title". The third field is labeled "Image Description". At the bottom of the form is a green button with the text "GO" in white.

All The Best for ITSP 2014
